Own work declaration

Real World Interactions

The undersigned declare that the submitted work is their own and that we actively contributed to it. Any 3rd party work has been properly referenced either in the code directly (in the comments) or by listing it in README.md. We consent that our work will be checked by plagiarism detection tools.

Student name	Student signature	Date
Aritra Biswas		26-6-24
Dung Phan		26-6-24

Instructions

After filling in the form, either scan it or take a picture of it and submit it together with other deliverables as either OWNWORK.pdf or OWNWORK.jpg.

It is explicitly allowed to use any 3rd party, publicly available, open source libraries and implementations of known algorithms (refer to the source in this case).
You can also copy pieces of code from stackoverflow and other, similar fora – if you copied more than 1-3 lines at once, put the source link in the comments.

For other allowed use cases or when in doubt contact the teachers.
